

European Society for Comparative Legal History

The European Society for Comparative Legal History (ESCLH) is pleased to announce its second Postgraduate Conference. The conference will be held on 28 and 29 June 2019 at Augsburg University, Germany.

The ESCLH wants to overcome the narrow nationalism and geographical segregation of legal history in contemporary European scholarship and professional organisations. The society, thus, aims to promote comparative legal history, the explicit comparison of legal ideas and institutions in two or more legal traditions.

The Postgraduate Conferences of the ESCLH give advanced PhD-students and post-doctoral-researchers who work in the field of comparative legal history the opportunity to present their research to a panel of experts. Furthermore, the conference will give all participants the opportunity to build academic networks.
